## Objective

Highly skilled and dedicated Electrical Mechanical Specialist with 10 years of experience at CTDI, Inc. Proficient in building, deploying, and maintaining proprietary test systems, as well as troubleshooting IT issues. Seeking opportunities to leverage my expertise in JavaScript, HTML, CSS, React, and Node.js to contribute to the success of a dynamic organization.

## Experience

### Electrical Mechanical Specialist

CTDI, Inc.

2012 - Present

- Successfully build, deploy, and maintain proprietary test systems, ensuring their reliability and functionality.
- Utilize troubleshooting skills to diagnose and resolve IT issues, including repairing computers, printers, scanners, and other equipment.
- Collaborate with cross-functional teams to identify and address technical challenges, ensuring smooth operations and timely project completion.

## Key Skills

- JavaScript: Proficient in writing clean and efficient JavaScript code for web development projects, ensuring optimal performance and user experience.
- HTML/CSS: Strong command over HTML and CSS, creating visually appealing and responsive web interfaces.
- React: Skilled in developing interactive user interfaces and dynamic web applications using React.js, enhancing user engagement and interactivity.
- Node.js: Experience in building server-side applications and APIs using Node.js, facilitating seamless communication between client and server components.

# Education

Estrella Community College  
Glendale Community College

## Relevant coursework in Computer Science

## Additional Skills

- Strong problem-solving abilities with a focus on attention to detail.
- Excellent communication and interpersonal skills, fostering effective collaboration within cross-functional teams.
- Proven ability to work efficiently in fast-paced environments while meeting deadlines.
- Adaptability to learn new technologies and frameworks quickly.
